AANVALLEN OP NIET- MILITAIRE DOELEN EN
DISPROPORTIONEEL OORLOGSGEWELD
IN DE OP ZICHZELF AL MISDADIGE
AGRESSIE- OORLOG VAN DE NAVO- LANDEN,
WAARONDER NEDERLAND, TEGEN JOEGOSLAVIE

Dit bewijsmateriaal houdt de Permanente Commissie voor u op aanvraag beschikbaar.

Bewijs ten overvloede voor de gepleegde oorlogsmisdrijven

Hierbij stel ik u namens mijn cliënten voorts beschikbaar een overzicht van dag tot dag van de systematische aanvallen op niet-militaire doelen, zoals die door de NAVO tijdens de maanden durende campagne van vernietigings-bombardementen zijn gepleegd, alsmede van de directe en indirecte gevolgen daarvan voor de burgerbevolking.

Dit overzicht ontleend aan Nederlandse en buitenlandse bronnen.

Deze documentatie omvat inmiddels reeds ruim 1200 blz.

Hieruit ontleen ik voorts een voorlopig overzicht van bruggen, wegen, verkeersknooppunten, spoorwegen, stations, spoorknooppunten, vliegvelden, fabrieken en bedrijven, landbouwcomplexen, ziekenhuizen, gezondsinstellingen, scholen en andere onderwijsinstellingen, publieke instellingen, nutsbedrijven, energiecentrales, telecommunicatie, culturele en historische monumenten en religieuze gebouwen, die door de NAVO tijdens de agressie-oorlog tegen de Federale Republiek Joegoslavië geheel of gedeeltelijk zijn vernietigd.

Dit overzicht wordt hierna rechtstreeks opgenomen.

PROVISIONAL ASSESSMENT OF CIVILIAN CASUALTIES AND DESTRUCTION

IN THE TERRITORY OF THE FEDERAL REPUBLIC OF YUGOSLAVIA

FROM 24 MARCH TO 08 JUNE 1999

From the onset of the NATO aggression against FR Yugoslavia from March 24 until June 8, 1999, the North Atlantic Alliance carried out more than 35 000 assaults against the Federal Republic of Yugoslavia. In air strikes were used: over 1 000 warplanes (among others F-15, F-16, F-117) and 206 helicopters. More than 10 000 cruise missiles were launched and over 79 000 tons of explosives were dropped, including at least 152 containers with 35 450 cluster bombs, thermo-visual and graphite bombs which are prohibited under international conventions. The greatest number of air-strikes were carried out in the wider area of Pristina (374), Prizren (232), Beograd (212), Urosevac (205), Djakovica (190), Kraljevo and Uzice (145 per town), Novi Sad (114), and so on.

Three million children have been directly endangered by indiscriminate bombardment by the NATO aggressors. Since the onset of the aggression many children have been killed and wounded. Also, almost 250 000 children-refugees from former Yugoslav republics Croatia and Bosnia-Herzegovina, who have found safe haven in the FR Yugoslavia, have once again been exposed to the horrors of war. Since the commencement of the aggression children have not been able to attend school classes, and it has been estimated that in the fall almost 100 000 pupils will not be able to enrol as many pre-school institutions and elementary schools have been demolished by NATO bombs.

After NATO barbaric assaults on facilities of the chemical and petro-chemical industries millions of citizens have been exposed to poisonous gasses. Water, soil and forests have also been badly contaminated, thus disrupting the environmental balance. All this will have lasting consequences on the health of the entire population and the environment not only in Yugoslavia, but also in the region as a whole.

Furthermore, repeated bombardment of tourist centers and national parks has endangered natural reservations and sanctuaries. Many species have become extinct due to the NATO bombings, and wildlife has started migrating and abandoning its natural habitat. The NATO aggressor has even attacked and endangered the Djavolja Varos site of metamorphic and sedimentary stone towers unique in Europe.

The International Union for the Conservation of Nature and European environment protection institutions and non-governmental organizations have been informed of the threat.

After the demolition of the Petrovaradin bridge (as regional and city power and water pipelines were constructed into the bridge), especially after wide-spread destruction of the electric power system in the territory of the FR of Yugoslavia (hydroelectric and thermo-electric power stations, transformers, electrical transmitters, power grid systems, power lines, etc) - with graphite, cluster and highly destructive thermo-visual bombs, regular supply of power as well as water (as water processing plants had no power) was disrupted. Destruction of the power system caused mass suffering of the entire population (around 11 million) of the FR of Yugoslavia, as all users in the country, including hospitals and other health institutions, maternity wards, institutions for the care of children and elderly, were severely affected. This only shows total and brutal disregard, on the part of the aggressors, for the needs of the most vulnerable segments of the population: new born babies, geriatric populace and the terminally ill who require unhindered daily medical care and treatment.

ENVIRONMENTAL DISASTER

Concurrently with the humanitarian, NATO strikes have caused an environmental catastrophe which is endangering not only the Federal Republic of Yugoslavia, but also the neighbouring countries and the entire European continent. Ecology does not recognize boundaries. The NATO aggressor is thus teetering on the brink of another Chernobyl in the heart of Europe. The destruction of petrochemical installations, the warehouses storing semi-processed and finished products of the chemical industry have already caused significant adverse effects on the health of the population of the Federal Republic of Yugoslavia and the neighbouring countries. During some of the air strikes it was pure luck that an environmental catastrophe was not provoked spreading all over Europe. The aggressor's attacks did not spare even huge forests, tourist centres and the national parks on the mountains of Serbia (Kopaonik, Zlatibor, Divcibare, Tara, Prokletije, Sara, Fruska Gora). The ozone layer was depleted by the exhaust gases. The Black Sea, Aegean and the Adriatic basins, practically the entire Mediterranean, are threatened by environmental pollution.

Examples: Nitrogen factory in Pancevo, the oil refineries in Pancevo and Novi Sad, the chemical company "Prva iskra" in Baric and others.

HOSPITALS AND HEALTH INSTITUTIONS

The aggressors' bombings, calculated to provoke the greatest possible confusion and panic among innocent people, have damaged many clinical and hospital centres, inflicting not only great material damage to property (destruction of buildings and expensive medical equipment), but also causing new health problems and intensifying psychological traumas among the sick people. The destruction of all the three bridges in Novi Sad totally cut off and left, without the supply of water, the largest Yugoslav centre for the treatment of cardiovascular diseases, to which several million people gravitate. The Maternity Hospital in Belgrade, and the biggest hospital in the Balkans (Military Medical Academy Hospital - VMA), and the Orthopaedic hospital of Banjica, the hospitals in Cuprija and Aleksinac, as well as the medical centres in Pristina and in many other towns were damaged.

DESTRUCTION OF PRE-SCHOOL INSTITUTIONS, SCHOOLS AND UNIVERSITIES

Since the outset of the aggression, NATO has put a stop to the education of close to one million pupils and students in Yugoslavia. Over three hundred facilities built for the education and upbringing of children and young people of all ages were destroyed. This will inevitably be reflected on the development and social integration of young people. Hard hit are university centre in Nis (Machine Engineering, Civil Engineering, Electronical, Technical, Law and Economics faculties), in Pristina (Agricultural and Machine Engineering faculty) and Novi Sad (Faculty of Philosophy).

DESTRUCTION OF WORLD CULTURAL HERITAGE ON THE SOIL OF THE FR OF YUGOSLAVIA

Kosovo and Metohija in particular, but also the entire territory of the FR of Yugoslavia, is a treasury of European culture and civilization since ancient times. By violating all international conventions on the protection of civilization and its heritage, and in the pursuit of the spirit of aggressive nihilism and new barbarity, more than 50 monasteries and churches have been severely damaged thus far, as well as a couple of dozen of other cultural and historic monuments, some under UNESCO protection. Severe damage was caused to the monastery of the Patriarchate of Pec (12th century), Zica (13th century), Decani and Gracanica (14th century, under UNSECO protection), medieval towns of Zvecan (13th century) and Smederevo (15th century), Petrovaradin fortress (18th century), seventeen monasteries on Fruska Gora (15-18th century) and many other priceless historical monuments. The bombs have even destroyed many cemeteries all across Yugoslavia.

ASSASSINATION ATTEMPT ON PRESIDENT OF THE FEDERAL REPUBLIC OF YUGOSLAVIA SLOBODAN MILOSEVIC

An assassination attempt on the President of the Federal Republic of Yugoslavia on 22 April 1999 represents an organised terrorist act without precedent in the history of modern Europe. This is not only a crime against a Head of a sovereign State, but primarily an attack on the democratically expressed will of a people and thus against the foundations of the democratic values of the civilisation. Although the residence of the President of the Federal Republic of Yugoslavia was targeted, this attack has also a symbolic meaning as if the targets had been the homes of all Yugoslav citizens. This crime has caused abhorrence and condemnation by international public. However, it is incomprehensible that the United Nations Security Council has remained silent and failed to condemn this terrorist act or the killings of civilians and children.

CO-ORDINATION BETWEEN NATO AND TERRORISTS OF THE SO-CALLED "KLA"

While before the onset of the aggression Albanian terrorists counted on NATO aircraft as air support to their armed groups, now arming, equipping and transport of Albanians living in the USA and other western countries is under way, for actions in the FRY, with a view to making armed formations from them to serve as ground troops of the "Alliance". Albanian terrorists are being trained and armed in the camps in northern Albania - in Tropoje, Kukës and Bajram Curri (they are trained by British, US and Turkish commandos), and then illegally infiltrated into Kosovo and Metohija. Such activity, in direct violation of the resolutions of Security Council, has been particularly stepped up in April when concrete plans for ground invasion against the FRY started to be hatched. So far, several hundred terrorists have been transported from the USA to Albania. Plans are made to equip, arm and train for coordinated actions with NATO, around 6,000 Albanians. According to western sources, Albanian terrorists represent the main source of intelligence for NATO, of military character or those aimed at spreading propaganda against our country. At the moment it is difficult to perceive and evaluate all the humanitarian, economic, environmental, health and other consequences of the NATO criminal aggression against the FR of Yugoslavia. The greatest victim of the aggression is the entire Yugoslav people and its material and cultural resources. At the same time, the violation of the Charter of the United Nations, the NATO has created a precedent which may cast a shadow over the future of all peoples and sovereign States. The cause for concern is all the grater because, by combining pressure and promises, NATO is drawing an increasing number of countries into its aggression against the FR of Yugoslavia, which will have long-term negative consequences on the future relations and co-operation between all Southeast European countries. Attempts by NATO to justify its brutal aggression by an alleged care for the refugees may bring about an irreversible degradation of the United Nations and involve this highest international forum in the crime against a country which is one of its founding members.

CRIME AGAINST THE FREEDOM OF SPEECH

The destruction of more than ten private radio and television stations, two dozen TV transmitters, as well as the bombing of the Radio and Television of Serbia building on 23 April 1999 represents the biggest aggression against freedom of thought and a disgrace to the civilization at the threshold of a third millennium. Transmitters at Iriski venac, Kmijaca, Mt Cer, Bukulja, Tomik, Crni vrh, Jasetrebac, Ovcar, Gmija and others were destroyed, so that the transmitter infrastructure at the entire territory of Serbia was severely damaged. Two times in six days the studios and transmitter located at the business centre "Usce" which housed TV stations: BK TV, Pink, Kosava and SOS Channel, as well as several other radio stations were bombed.

Transmitter of the TV station Palma was bombed and destroyed on 28 April 1999.

The satellite station "Yugoslavia" in the village of Prilike near Ivanjica was severely damaged.

BOMBING OF THE BUILDING OF THE RADIO AND TELEVISION OF SERBIA

The building was demolished taking a heavy toll during the bombing of the largest Radio and TV company in the Balkans with 7000 employees and the state-of-the-art infrastructure which was made available to hundreds of foreign correspondence. The aim of this crime, in which 16 RTS workers were killed and 19 wounded, was more than obvious: to suppress the right to a different opinion and its being publicly expressed with a view to pursuing further war-mongering manipulation with the world public. Clearly, the intention of NATO aggressors is to prevent the world public from learning the extensive scope of their crimes and to impose on the world their totalitarian and single-minded perception. Many newspapers in the world and renowned journalists have already raised their voice against the propaganda fabrications of the NATO aggressors.

For all champions of the freedom of speech and for all people committed to the right to freedom of expression, this destructive act represents the last warning alarm before NATO generals take control over the aggressors' media.

There are more than 600,000 refugees from Bosnia-Herzegovina and Croatia in Yugoslavia, who still need humanitarian and other aid in these difficult days, because they are the most socially endangered category of the population.

CIVILIAN CASUALTIES

Several thousand civilians were killed and more than 6 000 sustained serious injuries, while a large number of them will remain crippled for life.

Children make up 30% of all casualties as well as 40% of the total number of the injured, while 10% of all Yugoslav children (approximately 300 000) have suffered severe psychological traumas and will require continuous medical surveillance, care and treatment. For the most part, children have been victims of the sprinkle cluster bombs, with delayed effect, and will continue to be until all parks, play-fields and open areas have been made safe from the remaining, unexploded, cluster bombs indiscriminately scattered throughout the country.

DESTRUCTION OF VITAL YUGOSLAV ECONOMIC FACILITIES

According to the assessment of experts from Western countries, the damage done to date by NATO air strikes is well in excess of one hundred billion US dollars.

Destroyed are the industrial complexes in Belgrade, Novi Sad, Kragujevac, Nis, Pancevo, Cacak, Kraljevo, Valjevo, Pristina, Vranje, Kursumlija, Krusevac, Kula, Gnjilane, Sremska Mitrovica and in other towns and cities. The petrochemical industry of the Federal Republic of Yugoslavia has been totally destroyed, as well as the largest Yugoslav factory of artificial fertilisers.

Private entrepreneurs are a particular target of NATO aggression and the most glaring example of it is the destruction of the "Usce" business centre in Novi Beograd which was hit on 21 and 27 April 1999. That was one of the biggest business centres in the Balkans, which housed more than a hundred newly established private firms in full business expansion, foreign representative offices, seven private Radio and TV stations and one of the most modern poli-clinics in the FRY. The building of this business centre is also one of the landmarks of modern Belgrade.

Due to total destruction of industrial facilities throughout the country, more than 600 000 workers have become jobless. As a result almost 2.5 million citizens have no means to sustain minimal living conditions and are unable to ensure their existence.

Overall material damage is enormous. Preliminary estimates indicate that barbaric air strikes of the NATO alliance, since the beginning of the unprovoked aggression, against industrial, commercial and civil facilities and infrastructure throughout the territory of the FR of Yugoslavia, have incurred damages in excess of 100 billion dollars.

Herewith are listed only some of the most illustrative and distinctive examples.

DESTRUCTION OF BRIDGES

On the false pretext of "neutralizing the military power of the Federal Republic of Yugoslavia", the NATO aggressor started systematic destruction of the major Yugoslav road and rail traffic routes. All ruined facilities were part of costly capital investments, into which the resources and the efforts of several generations of Yugoslav citizens were pooled. All the facilities are strategic part of the European traffic infrastructure, and some of them are of historical and cultural importance ("The Wailing Bridge " in Novi Sad, on which the Fascists killed several thousand Jews in the Second World War).

T R A F F I C

The road and railway networks, especially road and rail bridges, most of which were destroyed or damaged beyond repair, suffered extensive destruction. The targets of attacks were such communications as:

1. BRIDGES (DESTROYED AND DAMAGED):

1. The road bridge Varadin Bridge over the Danube, Novi Sad (1.4.1999);

2. The railway bridge over the river Toplica, railway line Nis-Prokuplje-Pristina, at the v. Podina, municipality of Zitoradja

(1-14.4.1999);

3. The road bridge "Sloboda" (Freedom) over the Danube, Novi Sad (3.4.1999);

4. The road bridge "Mladost" (Youth) over the Danube, connecting Backa Palanka with Ilok (3.4.1999);

5. The road bridge over the Vrbicka river near Jezgovic, on the road Ribarice-Kosovka Mitrovica (4.4.1999);

6. The railway bridge near the village of Rudnica in the vicinity of Raska, on the Kraljevo - Kosovo Polje railway line (4.4.1999);

7. The road bridge "Lucice" over the Ibar river, Biljanovac municipality (4-13.4.1999);

8. The railway bridge on the river Ibar, v. Tuslici, municipality Rudnici (4.4.1999);

9. The road/railway bridge "Zezeljov" on the Danube river, Novi Sad (5-26.4.1999);

10. The "Lozno" railway bridge near Usce (5.4.1999);

11. The new railway/road bridge over the Danube connecting Bogojovo and Erdut (5.4.1999);

12. The road bridge along the Magura Belacevac road, 15 kilometres from Pristina (5.4.1999);

13. The bridge along the Nis-Pristina primary road, near Kursumlija (5.4.1999);

14. The road bridge on the road leading to Brvenik, near Usce (5.4.1999);

15. The road bridge near Zubin Potok, on the Kosovska Mitrovica - Ribarice road (5.4.1999);

16. The Grdelica gorge railway bridge, on the river Juzna Morava (on 12.4.1999);

17. "Sarajevo" Grdelica gorge road bridge, on the river Juzna Morava (on 12.4.-14.5.1999);

18. The old bridge on the river Rasina near the town of Krusevac (12-13.4.1999);

19. The new bridge on the river Rasina near the town of Krusevac (12-13.4.1999);

20. The Krusevac-Pojate bridge on the river Zapadna Morava, at the village of Jasika (on 13.4.1999);

21. The road bridge over the Kosanica river near Kursumlija (13.4.1999);

22. The road bridge on the Prokuplje-Pristina road, v. Pepeljovac, municipality Kursumlija (14.4.1999);

23. The bridge over the regional Kursumlija - Prokuplje road (14.4.1999);
24. The road bridge on the river Toplica, on the Nis-Pristina road near the town of Kursumlija (14.19.4. & 11.5.1999);
25. The railway bridge on the river Lim, between Priboj and Prijepolje, near hydroelectric power station Bistrica (on 15.4.1999);
26. The bridge on the river Ibar, at the village of Brvenik, linking Korlace and Raska (15.04.1999.);
27. The road bridge on the r. Danube, between Smederevo and Kovin (16.4.1999);
28. The railway bridge on the river Kosanica, v. Rudari, municipality Kursumlija, railway line Prokuplje - Pristina (18.04.1999.);
29. The road bridge on the river Kosanica, at the village of Selo Visoko (18.04.1999.);
30. The road bridge "Raskrsnica" near Donja Bistrica, on the route Priboj-Prijepolje-Nova Varos (20.4.1999);
31. The road bridge over the Danube along the Beograd-Novı Sad road, near Beska, Indjija municipality (21.4.1999);
32. The railway bridge on the river Sava near Ostruznica (21, 23.4.1999);
33. The railway bridge on the Kraljevo - Raska railway line, near Kraljevo (23.4.1999);
34. The road bridge on the river Lab, primary road Kosovska Mitrovica - Pristina, v. Babin Most (27.4.1999.);
35. The bridge over the railway track on the regional road Biljanovac - Mt. Kopaonik (29.4.1999);
36. The road bridge "Uzicki" on the river Uvac, municipality Kokin Brod, primary road Uzice - Nova Varos (30.4.1999.)
37. The road bridge near the village of Visoka, municipality Kursumlija (30.4.1999);
38. The road bridge on the river Zapadna Morava, at the town of Trstenik, regional road Trstenik - Velika Drenova (30.4.1999.);
39. Overpass at the village of Visoka, municipality Kursumlija (30.4.1999);
40. The railway bridge on the river Ibar, in the village Bojiste (30.04.1999.)
41. The road bridge on the river Lim, at the village of Kucin, on the road Prijepolje-Nova Varos (1.5.1999);
42. The bridge on the regional road Krusevac-Razanj, near the village of Djunis (1.5.1999);
43. The railway bridge near the village of Medari (1.5.1999);

44. The railway bridge at the village of Rudare (1.5.1999);
45. The road bridge on the river Bistrica, regional road Nova Varos - Priboj, municipality Nova Varos (3.5.1999);
46. The railway bridge near the township of Vatin, on the railway line Belgrade - Temisvar (7.5.1999);
47. The railway bridge on the river Lopatnica, v. Bogutovac, municipality Kraljevo (8.5.1999);
48. The road bridge on the river Nisava, town of Nis (8.5.1999);
49. The road bridge on the highway Belgrade - Nis, near Mijatovac (8.- 14.5.1999);
50. The road bridge near Vladicin Han, on the river Juzna Morava (11.5.1999);
51. The bridge over the river Vrapcevska Reka near the village of Ribarice, from the direction of Kosovska Mitrovica (12.5.1999);
52. The road bridge on the local road Gomje Nerodimlje-Jezerce, municipality Urosevac (12.5.1999);
53. The new road bridge in Biljanovac, v. Zizovci (12.5.1999);
54. The old road bridge on the water channel in Vrbas, on the Vrbas-Srbobran & Vrbas-Feketic road (13.5.1999);
55. The road bridge on the Belgrade - Nis highway, on the river Nisava, near v. Popovac (13.5.1999);
56. The road bridge over the river Lugomir, on the Belgrade - Nis highway, near Jagodina (14.5.1999);
57. The road bridge on the Konjsko-Toplicane road over the Sitnica river, municipality Lipljan (14.5.1999);
58. The road bridge on the local Pec - Kosovska Mitrovica road over the Istocka river, near Djurakovac (17.5.1999);
59. The road bridge over the river Brvenica, in Brvenik, on the regional road Kraljevo - Raska (17.5.1999);
60. The road bridge on the river Begej, near the township of Banatski Dvor - municipality Zitiste (20.5.1999);
61. The road bridge on the river Jasenica, on the Beograd - Nis highway near the township Orasja, municipality Velika Plana (21-25.5.1999);
62. The road bridge "Cekavacki" on the river Jablanica, near Lebane, on the regional road Leskovac - Pristina (27.5.1999);
63. The road bridge on the Belgrade-Skopje highway, at the village Popovac, municipality Nis (29.5.1999);
64. The railway bridge on the railway line Nis-Sofia, near the town of Bela Palanka (29.5.1999);
65. The road bridge on the river Velika Morava, in the town of

Varvarin (30.5.1999);

66. The railway bridge on the river Nisava, on the railway line between Bela Palanka - Pirot (31.5.1999);

2. RAILWAYS LINES AND RAILWAY STATIONS:

1. The Kraljevo - Kosovo Polje rail, near Ibarska Slatina;

2. The Belgrade - Bar rail, due to the destruction of the railway track near the village of Strbce and destruction of the bridge on the river Lim, between Priboj and Prijepolje (3.4.1999.);

3. The railway line and tunnel Prokuplje-Kosovo Polje, near Merdare, municipality Kursumlija (11.4.1999);

4. The Belgrade - Thessaloniki rail, due to the destruction of the bridge in the Grdelica gorge (12.4.1999);

5. Railway track and overpass (Josinacka Banja) near the town of Biljanovac (15.4.1999.);

6. Railway track on the Kosovska Mitrovica-Leposavic-Raska line, due to damages to the railway bridge at the village of Biljanovac (15.4.1999);

7. The Kursumlija - Prokuplje rail, near Pepeljevac village;

8. The Kraljevo - Kosovo Polje rail, near Ibarska Slatina;

9. The Nis - Pristina rail, near Kursumlija;

10. "Sarpelj" tunnel, near Jerinje village, 15 km north of Leposavic towards Raska, was destroyed;

11. Railway track Kursumlija - Podujevo, due to damages on the railway bridge at Kursumlija;

12. Railway track Belgrade - Bucaresht, due to the destruction of the bridge near Vatin (7.05.1999);

13. Railway track Kraljevo - Kragujevac, due to damages to the section of the track near the village of Vitanovac;

14. Railway track Cacak - Kraljevo, near Kraljevo (17.5.1999.)

15. Railway track Uzice - Priboj;

16. Railway track Bogojevac - Vukovar;

17. Railway track Leskovac - Predejane;

18. Railway track Nis-Sofia, due to the destruction of the railway bridge near the town of Bela Palanka (29.5.1999);

* * *

19. The Railway station in the township Lukicevo, near Zrenjanin (25.5.1999);

20. Railway station in Kraljevo - Bogutovac;

21. Railway station in Kosovo Polje;
22. Railway station in the town of Biljanovac;
23. The central city railway station in Sabac (24.5.1999);

3. ROADS AND TRANSPORTERS:

1. Traffic suspended on the Kosovska Mitrovica-Ribarici section of the Adriatic highway due to the destruction of the bridge over the Vrbicka river (4.4.1999.);
 2. Traffic has been suspended on the Krusevac-Pojate road due to the destruction of the bridge on the Zapadna Morava, in the village of Jasika (13.4.1999.);
 3. Primary road Prizren - Djakovica near the v. Mala Krupa, during the attack on the column of Albanian refugees returning to their homes (14.4.1999.);
 4. Traffic has been suspended on the Nis-Pristina road, due to the fact that the bridge on the river Toplica, near the town of Kursumlija, has sustained heavy damage (14.19.4. & 11.5.1999);
 5. Traffic has been suspended on the regional road Priboj - Prijepolje - Nova Varos, due to damages inflicted on the bridge "Raskrsnica" near Donja Bistrica (20.4.1999);
 6. Kraljevo-Raska primary road near v. Bogutovac, municipality Kraljevo (24.4.1999.);
 7. The Belgrade - Nis highway due to the destruction of the bridge near Mijatovac (8.- 14.5.1999);
 8. Ibarska primary road, due to damages to the bridge on the Ibar river, Biljanovac municipality, destruction of the road between Pozega and Cacak and destruction of the road between Lipovica-Barajevo (4.4.-28.5.1999);
 9. Belgrade-Zagreb highway, near Stari Banovci;
- * * *
10. "Jedinstvo" bus station in Vranje sustained extensive damage;
 11. "Kosmet Prevoz" transporter in Gnjilane - hangar full of new buses has been destroyed (26.3.-19.5.1999);
 12. Bus station in Pristina;
 13. Road maintenance company "Magistrala" in Pristina;
 14. The Nis Central Bus Station;
 15. The Pristina Bus Station;
 16. The "Jedinstvo" bus station in Vranje (18.5.1999);

4. AIRPORTS (14):

- "Slatina" in Pristina; "Batajnica" and "Surcin" in Belgrade;
- "Lisicji Jarak" sports and agricultural airfield in Padinska Skela; Nis

airport; "Ponikve" in Uzice; "Golubovac" in Podgorica, "Ladjevci" airport near Kraljevo; agricultural and sports airfield in Sombor; agricultural airfield in v. Grlica, municipality Urosevac; agricultural airfield in the v. Dubinje, municipality Novi Pazar; agricultural airfield in the v. Jug Bunar, municipality Djakovica; sports airfield in the v. Vinarce, municipality Leskovac;

ECONOMIC AND CIVILIAN TARGETS, PUBLIC INSTITUTIONS

The air strikes have so far destroyed or damaged throughout the territory of the Federal Republic of Yugoslavia several thousand industrial and commercial facilities and housing units. In the Leskovac region alone, over 3,500 industrial facilities and housing units were either destroyed or damaged, while in the northern Serbian province of Vojvodina more than 3,650 housing units as well as at least 82 commercial enterprises have been damaged or destroyed.

The devastation of NATO forces was particularly manifested in Pristina, Novi Sad, Aleksinac, Djakovica, Prokuplje, Gracanica, Cuprija, etc. Housing blocks on the outskirts of Belgrade - Kijevo Knezevac, Batajnica, Jakovo, Borca, as well as the area around Pancevo, were under attack.

1. INDUSTRY AND TRADE:

The NATO aggressor's assaults targeted factories and industrial facilities which directly cater for the needs of the population, among which the following are more prominent:

Belgrade:

- 1 "Galenika" drug factory (12.4.1999.);
2. "Frikom" company (15.5.1999);
3. Industrial complex "Dvadeset Prvi Maj" in Rakovica (24.3.-3.5.1999);
4. Factory "Jugostroj" in Rakovica (24.4.-3.5.1999);
5. "Beogradska pekarska industrija" (bakery) corporation (24.3.-3.5.1999);
6. "Rekord" corporation (24.3.-3.5.1999);
7. "DMB" company (24.3.-3.5.1999);
8. "Minel" company (24.3.-3.5.1999);
9. Machine building plant "Industrija Motora Rakovica" in Rakovica (24.4.-3.5.1999);
10. Factory "Frigostroj" in Rakovica (24.4.-3.5.1999);
11. Construction company "Rakovica" (24.3.-3.5.1999);
12. "Udamik promet" 24.3.-3.5.1999);
13. Holding company "Agropromet" - Krusevac, branch in Belgrade (27.4.1999);

14. Juice factory "Dunav grad" (29.4.1999);

15. "Jugoimport SDPR" (27.5.1999);

Pancevo:

16. "Lola Utva" agricultural aircraft factory (24-29.5.1999);
